## 11. More Questions

Height and Weight is used to help implement player safety programs, as well as being useful to gather anonymous statistics that help Rugby Australia develop safety policies.

School is used to help determine where to promote and apply development resources.

# 12. Club Questions

For Juniors, we need to if you played somehwere else, as there are rules about "import" numbers. If you played elsewhere before, don't worry, we simply need to know so we can inform the competition managers.
