11. More Questions

Height and Weight is used to help implement player safety programs, as well as being useful to gather anonymous statistics that help Rugby Australia develop safety policies.

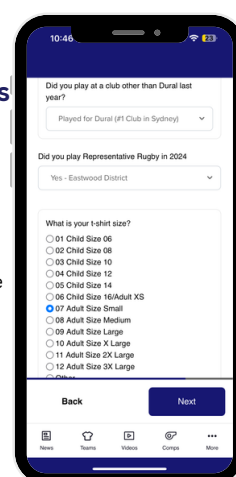

School is used to help determine where to promote and apply development resources.

12. Club Questions

For Juniors, we need to if you played somewhere else, as there are rules about "import" numbers. If you played elsewhere before, don't worry, we simply need to know so we can inform the competition managers.

Your Training T is included in your fees - tell us your size!

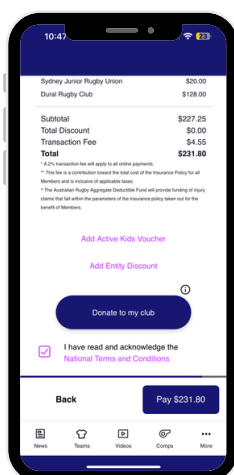

13. Total and terms

If you have an Active Kids Voucher, add it here.
